### PBL lab

#### Project

- Polish Literary Bibliography as a research tool on contemporary Polish culture
- 3-year project funded by the National Programme for the Development of Humanities (May 2015 – May 2018)
- Coordinator: Maciej Maryl
- Institute of Literary Research of the Polish Academy of Sciences:
  - Digital Humanities Centre
  - Department of Current Bibliography
- ICT partner: PSNC (Poznań Supercomputing and Networking Center)

#### Aims

- Creating a database of app. 4 million bibliographical records on Polish literature (1939–2002) (incl. digitisation and parsing of the printed volumes)
- Linking the Data with LOD cloud's elements (e.g. VIAF, DBpedia, GeoNames)
- Creating data mining and visualisation tools
- Using the database for research into Polish 20th-century literature and culture

#### Research tool

- Computer-assisted data analysis
- Wide range of search query options
- Finding connections between the elements of the database
- Creating custom timelines
- Exporting data for visualisations in Gephi
